

How to find and keep your zest for life!

Find Your Kefi

A Keynote Presentation by David Koutsoukis

Discover a simple, yet powerful way to help people become more positive, passionate and productive

KEFI is a Greek word that means 'zest for life' and people who are engaged in life and work have plenty of it. They are positive, productive and proactive people with an optimistic outlook and a can-do attitude. People who are unhappy, negative or disengaged have 'lost their KEFI' and sap the energy of those around them. Individuals want KEFI, managers want KEFI and teams need KEFI. In this fascinating and fun presentation attendees will learn:

- The critical importance of KEFI for individual, team and organisational success
- How to Find Your KEFI every day and sustain it
- How to snap out of bad moods and Find Your KEFI quickly
- How to become a KEFI Creator and help others find their KEFI
- How to build a KEFI Culture where positive people energize each other

Enjoy a KEFI KICK with this fascinating, fun and high-energy presentation that will help you find your KEFI, keep your Kefi and share your KEFI with others.

David Koutsoukis is a dynamic and engaging speaker and founder of the Exceptional Teams Academy. He is the author of more than 20 books and has spoken to audiences in 10 countries across 4 continents.

"You were Faaantastic, 10 out of 10! The positive energy you created permeated throughout the whole conference."

Charles Brown, CEO, Financial Counsellors' Association
